**Sotiraq Guga** combines his original studies in economics and finance complemented by an MBA with an excellent understanding of transition economies, as a result of 20 years hands-on experience in the transition reform processes both as a civil servant and a consultant. His consultancy experience has been gained by eight years in many countries and different assistance programmes for European Commission, World Bank, UNDP, and DFID particularly in Central and Eastern Europe with a wider exposure in the Balkans region. Mr Guga has proven successful expertise in public management; public policy and the strengthening of institutions for economic management; public finance, budgetary issues, public investment programming; public administration reform and institutional reorganization; aid coordination; strategic planning and policy analysis; project cycle management, programming, monitoring and evaluation; training needs assessment.

In REPIM’s support to the Ministry of Finance in Albania, he led the advice on investment planning and developed the procedures for investment in the budget process. He has recently written hands-on Guides for the Ministries of Defence and Health for their budget preparation process. Each Guide is designed to facilitate the MTBP preparation in each line ministry and includes practical explanations, with regards to defining policy goals, objectives, standards, outputs & activities and, clear examples of core performance indicators related to the policy area/programme.

In addition to his direct PFM work, Mr Guga has worked on external assistance management and currently is support the Department of Strategies and Donor Coordination in the Council of Ministers in Albania on integrating external assistance into the government’s planning and budgeting systems including appropriate MIS in line with the Paris Declaration principles.

Highlights of Mr. Guga’s career are presented below.
